Role: Purchasing Manager

Creating Vendor Records:

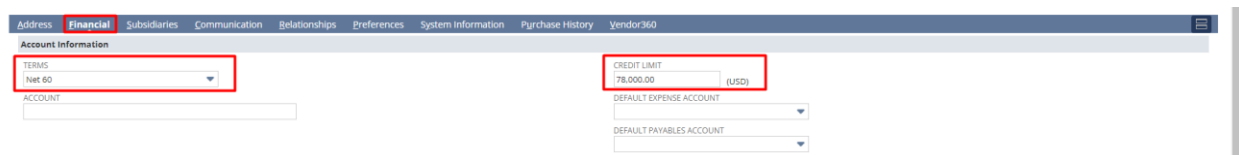

Navigation: Receiving -> Lists -> Vendors -> New

Step 1: Enter primary details like **Type**, **Company Name**, and **Subsidiary** if multiple subsidiaries are present. Users can also specify the phone number, web address, and fax for a vendor.

Step 2: Enter Financial details like **Terms**, **Credit Limit**, **Primary Currency**, **Legal Name** and other **required information** if required. Although NetSuite fetches the company name in the Legal Name field by default, it can be changed by editing the field.

Step 3: Enter Address Details. To add an address, click the **Edit** button with a pencil icon. If that vendor has a **Default Shipping/Billing** address, then check the **Default Shipping/Billing** checkboxes.

Receiving Purchase Orders:

Navigation: Click on Orders to Receive

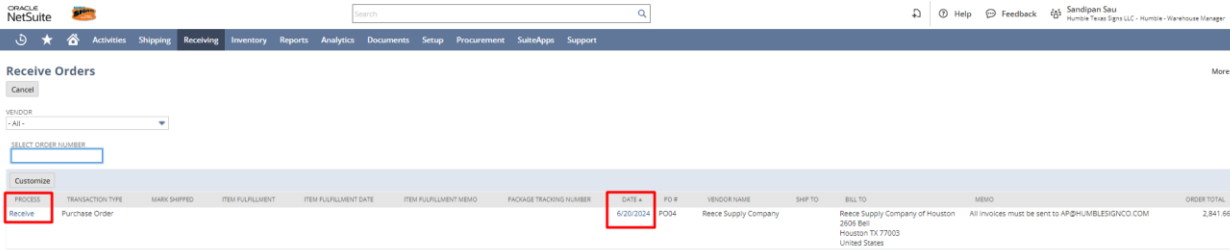

Or

Navigation: Receiving -> Receiving -> Receive Orders

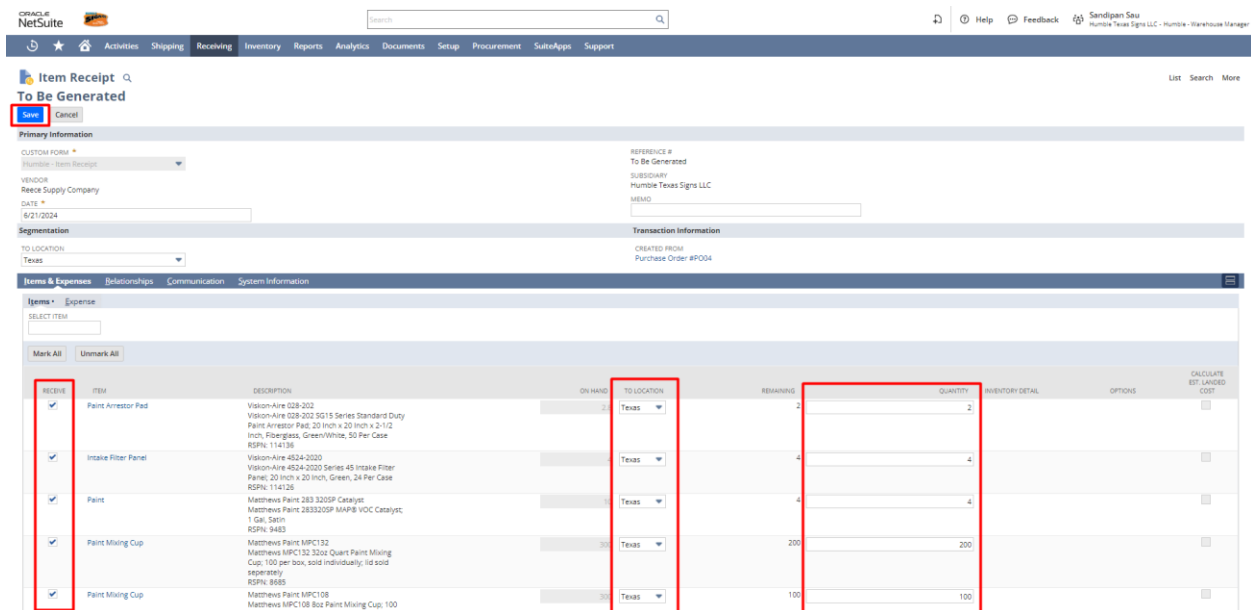

Using both the navigation you will land on the Receive Orders page. Click on the **Receive** or **Date** hyperlink to receive the purchase order.

Oracle NetSuite interface showing the "Receive Orders" screen. The "PROCESS" dropdown is set to "Receive". The "DATE" field is highlighted with a red box and contains "6/20/2024". The "PO #", "VENDOR NAME", "SHIP TO", and "BILL TO" fields are also visible.

Step 2: In the **Item Receipt** record, under the **Items & Expenses** subtab, toggle the **Quantity** and **Location** if needed and always check whether the receive checkbox is checked for each/multiple items. Most of the details in this record will be automatically sourced from the Purchase Order record (For example: Vendor, Location, Items, Memo, etc).

Oracle NetSuite interface showing the "Item Receipt To Be Generated" screen. The "Save" button is highlighted with a red box. The "Items & Expenses" subtab is selected. The "RECEIVE" checkbox is checked for all items. The "TO LOCATION" dropdown is set to "Texas" for all items. The "QUANTITY" field is highlighted with a red box for the first item.

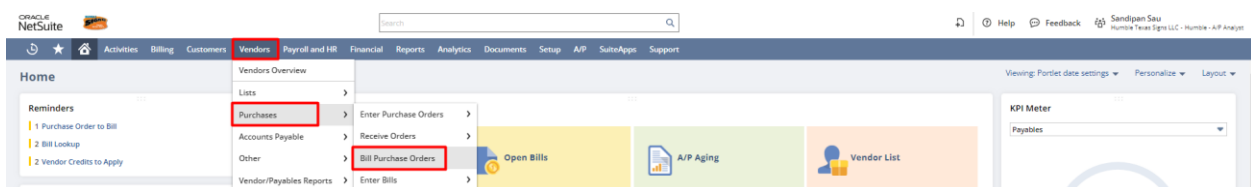

Step 3: After providing all details click on **Save** to save the Item Receipt record.

After receiving the items, we need to create a bill for the purchased products.

Role: A/P Analyst

Bill & Bill Payments:

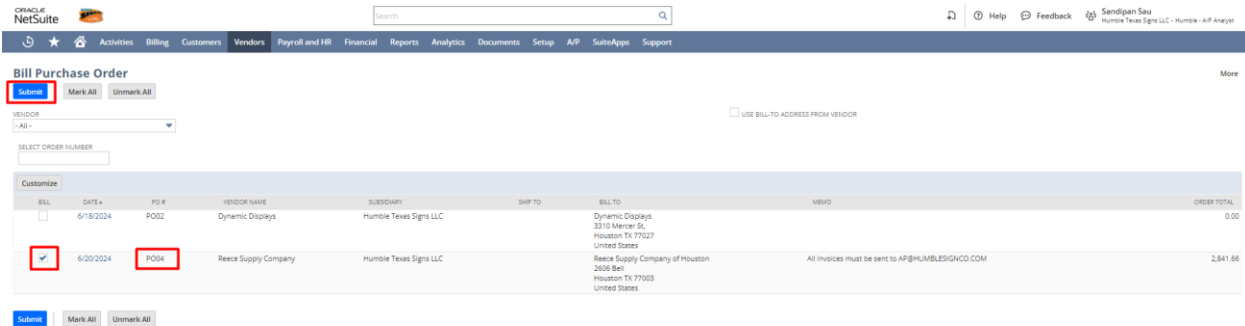

Navigation: Vendors -> Purchases -> Bill Purchase Orders

Oracle NetSuite interface showing the "Vendors" screen. The "Purchases" dropdown is highlighted with a red box. The "Bill Purchase Orders" option is selected under the "Purchases" dropdown.

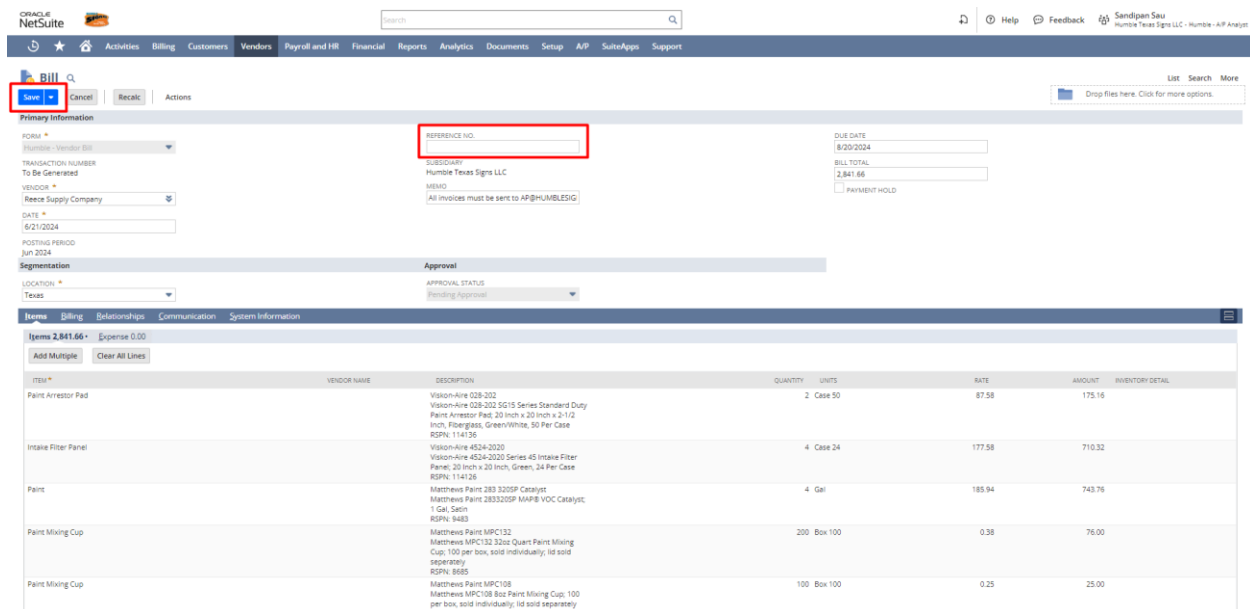

Step 1: Check the **Checkbox** and click **Submit**.

The screenshot shows the 'Bill Purchase Order' form in Oracle NetSuite. The 'VENDOR' field is set to 'Reece Supply Company'. The 'DATE' is 6/20/2024, and the 'PO#' is PO04. The 'SUBSIDIARY' is Humble Texas Signs LLC. The 'SHIP TO' and 'BILL TO' addresses are listed. The 'ORDER TOTAL' is 2,841.66. The 'Submit' button is highlighted with a red box.

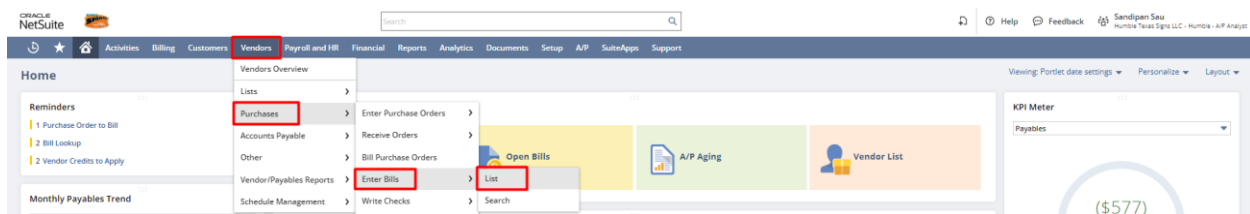

After submitting, a **Bill** page will open.

Step 2: Enter the **Reference Number** if present and click **Save**. Most of the information will be sourced from the Purchase Order itself, but users always have the option to configure any editable details on the fly.

The screenshot shows the 'Bill' form in Oracle NetSuite. The 'Save' button is highlighted with a red box. The 'REFERENCE NO.' field is empty. The 'DUE DATE' is 8/20/2024. The 'BILL TOTAL' is 2,841.66. The 'ITEMS' section lists various items with their quantities, units, rates, and amounts.

Navigate to the saved bill for bill payment. To do that navigate to **Vendors -> Purchases -> Enter Bills -> List**.

The screenshot shows the 'Vendors' menu in Oracle NetSuite. The 'Purchases' menu item is highlighted with a red box. The 'Enter Bills' menu item is also highlighted with a red box. The 'List' menu item is highlighted with a red box.

Step 3: Bill Payment. After navigating to the bill, click on the **Make Payment** button.
